

REMARKS

Double Patenting Rejection

In Applicants' previously filed Response of December 29, 2006, reference was made that a Terminal Disclaimer with respect to the '695 Patent was being prepared and would be submitted shortly. Attached hereto, is a Terminal Disclaimer with respect to the '695 Patent. The government fee for filing of the Terminal Disclaimer fee is paid concurrently with the filing of this Response.

Specification Amendments

A few typographical errors were noted in the Specification on pages 84-86, namely, reference character 532 and 542 were referred to, however, neither one of these two reference characters appear in the drawings and, thus, the Specification has been amended to delete these two reference characters.

Conclusion

In view of the foregoing and the enclosed, it is respectfully submitted that the Application is in condition for allowance and such action is respectfully requested.

Should any further fees or extensions of time be necessary in order to maintain this Application in pending condition, appropriate requests are hereby made and authorization be given to debit account #02-2275.

Respectfully submitted,
